**A reflection from Pope Francis for the Year of Prayer,  
Feast of the Holy Family**

One does not only pray with the mind; the entire person prays, the person in his or her entirety, just as one does not pray only with one's feelings. The ancients used to say that the organ of prayer is the heart, and thus they explained that the whole person, starting from the centre — the heart — enters into a relationship with God. *wish you  
all the blessings  
of a holy Christmas  
and a very happy new year!*
